

WILLIAM SLOAN.

[To accompany bill H. R. No. 216.]

MARCH 5, 1840.

Mr. RANDALL, from the Committee on Invalid Pensions, made the following

REPORT :

The Committee on Invalid Pensions, to whom was referred the petition of William Sloan, report :

The petitioner has satisfactorily proven that, in consequence of wounds received in the line of his duty as a soldier, in June, 1813, at a place called the Beaver Dams, in Upper Canada, and also from injuries sustained in health while held as a hostage and prisoner by the British, he was placed on the pension-roll in the year 1826, at the rate of five dollars and thirty-three cents per month, being two thirds disabled. It is now proven by Doctors James Montgomery and Francis Butler, who are certified to be reputable and skilful in their profession, and whose statements are entitled to full confidence, that the petitioner is now totally disabled from obtaining his subsistence by manual labor.
